THE LILY GARDENS

Bellevue

Washington, U.S.A.

LILIUMS . . . Per Each Dozei

Amabile. A rare species from Korea. Dark red, spotted with black. Grows 2 to 3 feet high. Sultable for the rock garden. \$.35 \$ 3.50 Auratum. Gold banded Lily. White with a gold band down each petal and spotted dark maroon. Stem rooting. Flowers in August. \$.25 \$ 2.53 Bulbiferum. Bright orange scarlet. Flowers stand erect. The bulbs increase rapidly. Flowers in July. \$.25 \$ 2.53 Canadense. Canadian Lily. Graceful bell-shaped flowers. Yellow spotted black. Flowers in July. Per 100 - \$15.00 \$.25 \$ 2.53 Canadiaum. Madonna Lily. The old fashioned garden lily. Snow white. Flowers in June and July. Delivered in August and September. \$.25 \$ 2.50 Calumbianum. Oregon Lily. The easiest Western lily to grow. Golden-yellow spotted dark red. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Croccum. Orange Lily. Bright orange erect flowers. Flowers in June and July. Stem rooting. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Michigan. Thunbergian Lily. Very hardy dwarf lily, suitable for the rock-garden. Orange. Stem rooting. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Michigan. Thunbergian Lily. Very hardy dwarf lily, suitable for the rock-garden. Orange yellow. Tall vigorous grower. Does well in the shade Flowers in August and September. Per 100 - \$15.00 \$.25 \$ 2.50 Michigan. A guight and September. Per 100 - \$15.00 \$.30 \$ 3.00 \$ 3.00 \$ 3.00 Mariagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 Mariagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 \$		Eaci	Dozen
Bulbiferum. Bright orange scarlet. Flowers stand erect. The bulbs increase rapidly. Flowers in July. Canadense. Canadian Lily. Graceful bell-shaped flowers. Yellow spotted black. Flowers in July. Per 100 - \$15.00 \$.25 \$ 2.59 Candidum. Madonna Lily. The old fashioned garden lily. Snow white. Flowers in June and July. Delivered in August and September. \$.25 \$ 2.50 Calumbianum. Oregon Lily. The easiest Western lily to grow. Golden-yellow spotted dark red. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Croccum. Orange Lily. Bright orange erect flowers. Flowers in June and July. Stem rooting. \$.35 \$ 3.50 Elegans. Thunbergian Lily. Very hardy dwarf lily, suitable for the rock-garden. Orange. Stem rooting. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Henryi. Rich orange yellow. Tall vigorous grower. Does well in the shade Flowers in August and September. Per 100 - \$15.00 \$.30 \$ 3.00 Mammoth bulbs \$.50 \$ 5.00 Humboldii Magnificum. A splendid Lily from California. Orange-red spotted with maroon, with a distinct ring of crimson around each spot. Flowers in July. Longiflerum. Easter Lily. Not hardy in severe climates. Pure white. Blooms out of doors in July. Stem rooting. \$.30 \$ 3.00 Martagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 Martagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 Pardalinum. Leopard Lily. One of the best. Bright red, lower part of petals orange with dark red spots. Grows eight feet high. Flowers in July. Liberated on the cover. Per 100 - \$15.00 \$.25 \$ 2.50 Parviflorum. A tall growing variety from California. Similar to Pardalinum but with heavier foliage. \$.50 \$ 5.00 Parryi. Lemon Lily. The most beautiful of them all. Native of California. The only clear clean yellow lily in the country. Dr. David Griffiths says, "It is both handsome and of easy culture, it becomes of very great importance in itself and of potential value for breeding purposes."			5 \$ 3.50
Tapidly. Flowers in July. Canadianse. Canadian Lily. Graceful bell-shaped flowers. Yellow spotted black. Flowers in July. Per 100 - \$15.00 \$.25 \$ 2.50 Candidum. Madonna Lily. The old fashioned garden lily. Snow white. Flowers in June and July. Delivered in August and September. \$.25 \$ 2.50 Calumbianum. Oregon Lily. The easiest Western lily to grow. Golden-yellow spotted dark red. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Croccum. Orange Lily. Bright orange erect flowers. Flowers in June and July. Stem rooting. \$.35 \$ 3.50 Elegans. Thunbergian Lily. Very hardy dwarf lily, suitable for the rock-garden. Orange. Stem rooting. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.53 Henryi. Rich orange yellow. Tall vigorous grower. Does well in the shade Flowers in August and September. Per 100 - \$15.00 \$.30 \$ 3.00 Humboldti Magnificum. A splendid Lily from California. Orange-red spotted with maroon, with a distinct ring of crimson around each spot. Flowers in July. Longiflorum. Easter Lily. Not hardy in severe climates. Pure white. Blooms out of doors in July. Stem rooting. \$.30 \$ 3.00 Martagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. Pardalinum. Leopard Lily. One of the best. Bright red, lower part of petais orange with dark red spots. Grows eight feet high. Flowers in July. Liustrated on the cover. Per 100 - \$15.00 \$.25 \$ 2.50 Parvillorum. A tali growing variety from California. Similar to Pardalinum but with heavier foliage. \$.50 \$ 5.00 Parryl. Lemon Lily. The most beautiful of them all. Native of California. The only clear clean yellow lily in the country. Dr. David Griffiths says, "It is both handsome and of easy culture, it becomes of very great importance in itself and of potential value for breeding purposes."	·		5 \$ 2.50
Candidum. Madonna Lily. The old fashioned garden lily. Snow white. Flowers in June and July. Delivered in August and September. \$.25 \$ 2.50 Calumbianum. Oregon Lily. The easiest Western lily to grow. Golden-yellow spotted dark red. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.50 Croccum. Orange Lily. Bright orange erect flowers. Flowers in June and July. Stem rooting. \$.35 \$ 3.50 Elegans. Thunbergian Lily. Very hardy dwarf lily, suitable for the rock-garden. Orange. Stem rooting. Flowers in June and July. Per 100 - \$15.00 \$.25 \$ 2.59 Henryi. Rich orange yellow. Tall vigorous grower. Does well in the shade Flowers in August and September. Per 100 - \$15.00 \$.30 \$ 3.00 \$.50 \$ 5.00 Humboldti Magnificum. A splendid Lily from California. Orange-red spotted with maroon, with a distinct ring of crimson around each spot. Flowers in July. \$.50 \$ 5.00 Longiflorum. Easter Lily. Not hardy in severe climates. Pure white. Blooms out of doors in July. Stem rooting. \$.30 \$ 3.00 Martagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 Martagon. A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June. \$.30 \$ 3.00 Partadainum. Leopard Lily. One of the best. Bright red, lower part of peta's orange with dark red spots. Grows eight feet high. Flowers in July. Liuxtated on the cover. Per 100 - \$15.00 \$.25 \$ 2.50 Partvillorum. A tall growing variety from California. Similar to Pardalinum but with heavier foliage. \$.50 \$ 5.00 Partyi. Lemon Lily. The most beautiful of them all. Native of California. The only clear clean yellow lily in the country. Dr. David Griffiths says, "It is both handsome and of easy culture, it becomes of very great importance in itself and of potential value for breeding purposes."			5 \$ 2.59
Flowers in June and July. Delivered in August and September. \$.25 \$ 2.50 Columbianum. Oregon Lily. The easiest Western lily to grow. Golden-yellow spotted dark red. Flowers in June and July. Eac	e h	Per Dozen
Parvum. Sometimes called the Little Lily. The flowers are small but borne profusely. Orange yellow. Flowers in June and July.	.59	\$ 5.00
Fhilippinense Formosanum. Newly introduced by Mr. E. H. Wilson. Long tubular flowers, white with reddish-brown cutside. Delightfully fragrant. Flowers in August. Per 100 - \$25.00 \$.35	\$ 3.59
Regale. Discovered in China a few years ago. Very hardy. Ivory-white, yellow center, brown outside. Flowers in July. Per 100 - \$10.00 \$.15	\$ 1.50
Roezli. Similar to the better known Pardalinum, but lighter and more graceful. Thrives in dryer locations. Orange, tips of petals red.	.25	\$ 2.59
Speciosum Rubrum. Well known beautiful Japanese variety. Frosted white spotted and flushed with crimson. Stem rooting. Flowers in September.	.30	\$ 3.00
Sulphur-Gale. Sulphureum crossed with Regale. Flowers later than Regale with the stiff stems of the former. Excellent for hybridising purposes.	.50	\$ 5.00
Superbum. A magnificent lily. Tall, with up to 30 blossoms. Orange flushed with scarlet, brown spots. Flowers in August.	.35	\$ 3.50
Tenuifolium. Coral Lily. The daintiest lily grown. Very small. Deep scarlet waxen flowers. Flowers in June and July. Per 100 - \$10.00 \$.15	\$ 1.50
Testaceum. The Nankeen Lily. A peculiar shade of apricot. Still very scarce.	.50	
Tigrinum. Tiger Lily. Well known and very hardy. Orange red, spotted with purple. Stem rooting. Flowers in August. Per 100 - \$10.00 \$.15	\$ 1.50
Tigrinum. Double. Similar to above but the best double lily.	.25	\$ 2.50
Umbellatum. Large erect orange crimson flowers. Very hardy and prolific. Flowers in June.	.25	\$ 2.50
Umbellatum var. Horsmanni. Similar to above, but deep red flowers. No orange shades.	.50	\$ 5.00
Wallacei. An erect lily. Rich apricot with rosy shading. Flowers in August. Stem rooting. Likes plenty of moisture. Per 100 - \$15.00 \$.25	\$ 2.59
Washingtonianum. The color of this species is difficult to describe. It varies from white to pinkish-red, sometimes pinkish-lilac. Flowers in June.	.50	\$ 5.00
Willmottiae. One of Mr. E. H. Wilson's introductions. Tall and graceful with so many reddish-orange flowers on a stem that they need staking.	.50	\$ 5.00

We grow nothing but lilies and grow all we sell. We have no imported or cold storage bulbs for sale. A few varieties can be held until Spring, but we would rather deliver in the Fall, before the ground freezes.

Small flowering sizes and planting stock can be furnished at digging time at very low prices.

4	LILIES	— all	${\tt different} \mathrel{-\!\!\!\!-\!\!\!\!-}$	our	selection	_	$\operatorname{correctly}$	labeled	\$.75
8	LILIES	— all	${\tt different} \mathrel{-\!\!\!\!-\!\!\!\!-}$	our	selection	_	correctly	labeled	\$ 1.50
24	LILIES	— all	${\tt different} \mathrel{-\!\!\!\!-\!\!\!\!-}$	our	selection	_	correctly	labeled	\$ 7.50
50	LILIES	— all	${\tt different} \mathrel{-\!\!\!\!\!-}$	our	selection	_	correctly	labeled	\$ 25.00 °

We sometimes have on hand seeds of various lilies. Some flower the second year from sowing, others take four or five years. Write for latest list.

In addition to this list we have about 50 other varieties of the genus Lilium. Some are not hardy, some rather difficult to grow, others do not differ materially and some we have not enough to catalogue. If you are interested in any particular lily, we probably have it and can quote prices, but remember that all Lilies are not Liliums.

All lilies in this list are full flowering sizes and hardy. The sizes vary with the species. Some are only three inches in circumference, others twelve inches and over.

None but sound bulbs sent out. We will replace all that arrive in damaged condition or refund your money if you return the bulbs.

All bulbs at single and dozen prices post paid anywhere within the United States and Canada. At 100 prices they are shipped by express collect.

Bulbs should be planted as soon as received. If in doubt write to the LILY GARDENS, as it is impossible to give full details in a short list.

— WE GROW NOTHING BUT LILIES —
